

PSYCHIATRIC DIMENSIONS OF DISASTERS

Greater Toronto (GTA) Mass Casualty Review

Dr. Laurie Mazurik
MD, FRCPC, MBA

Dr. Laurie Mazurik MD FRCPC MBA MscDM has over 20 years experience as a Critical Care Transport and Emergency Physician at Sunnybrook Health Science Centre and ORNGE. She works with others to create critical event models and conducts disaster exercises to inspire inter-professional teams to find solutions to health care shortages. She recently worked with the Canadian Department of Foreign Affairs and International Trade Development, to lead a team in the Middle East to develop Medical Guidelines to combat the threats of CBRN terrorism. She was a co-chair of the 2017 World Association of Disaster and Emergency Medicine Congress held in Toronto, and in past, has served as a consultant for the Ontario Ministry of Health during SARS (2004), Public Health Agency of Canada (CBRNE Collaborative) and World Health Organization (EOC-Net).
